CHAPTER I

INTRODUCTION

Guru Angad Dev Veterinary and Animal Sciences University, Ludhiana was established on 21st April, 2006 through Punjab Act no. 16 of 2005. The primary focus of the university is to serve the society by promoting livestock production and health through integrated teaching, research and extension.

The ICAR has accredited the university with 'A' grade, and ranked as India's Top Rank State Veterinary/Agricultural University.

Objectives

- To provide adequate supply of trained veterinary, dairy and fishery professionals including Masters and Doctorate level specialists capable of handling livestock health and production aspects according to the needs of the State.
- To undertake research work in selected areas and wherever applicable, following multi-disciplinary approach.
- To provide continuing professional education in all areas related to animal husbandry.
- To provide consultancy and specialist services to livestock owners, governments, semi-governments and allied agencies.
- To run "Referral" hospital for specialized treatment of animals and to provide clinical training to the students.
- To continue faculty development through participation in trainings, conferences, workshops, seminars, symposia and exchange programmes.
- To foster professional linkages, forward and backward, to promote collaboration for academic excellence.

The university has five constituent colleges with four viz., College of Veterinary Science, College of Dairy Science & Technology, College of Fisheries, and College of Animal Biotechnology placed on campus, and the 5th College of

Veterinary Science at Rampura Phul, Bathinda, about 110 Km from Ludhiana. In all the colleges, English is taken as medium of instruction. Three Regional Livestock Research & Training Centres at Kaljharani (Bathinda), Talwara (Hoshiarpur) and Booh (Taran Taran) and three Krishi Vigyan Kendras (KVK) at Booh (Taran Taran), Handiaya (Barnala) and Mazri (Mohali) have been established to cater to the area specific requirements of the livestock sector.

The university runs a Veterinary Polytechnic at Kaljharani, Bathinda for award of two year Diploma in Veterinary Science and Animal Health Technology. Besides, two private colleges viz., Khalsa College of Veterinary and Animal Sciences, Amritsar and Baba Hira Das Ji College of Veterinary Pharmacy, Badal, Sri. Muktsar Sahib have been affiliated to the university.

1.1 College of Veterinary Science, Ludhiana

The college of Veterinary Science was set up in 1969 as a constituent college of the Punjab Agricultural University, Ludhiana. It has become a part of the Guru Angad Dev Veterinary and Animal Sciences University in 2006. The college has 17 departments with excellent laboratory facilities and infrastructure for the undergraduate and postgraduate teaching and research. There is a well-equipped Teaching Veterinary Hospital to cater to the needs of large and small animal health care. In addition, the college owns a well-established Livestock Farm Complex comprising of the elite dairy herd, a poultry farm, a goat farm and a piggery unit. The college has distinction with award of three ICAR Centers of Advance Faculty Training in Veterinary Surgery & Radiology, Veterinary Gynaecology and Obstetrics and Veterinary Pathology. The college offers following programmes of veterinary education:

Programme	Minimum Residential Requirements
B.V.Sc. & A.H.	5½ years
M.V.Sc./ M.Sc.	2 years
Ph.D.	3 years

The program leading to the award of the B.V.Sc. & A.H. degree is designed to equip the graduates with the knowledge and skills essential for a career in Veterinary Science. The program is divided into three phases: the pre-clinical phase provides education in basic aspects such as Anatomy, Physiology, Biochemistry, Breeding and Animal Husbandry through intramural learning. The para-clinical phase includes bridging subjects between the pre-clinical and clinical phases, such as Pathology, Microbiology, Public Health, Parasitology, Pharmacology, Nutrition, Livestock Farm Practices and Product Technology. The clinical phase includes Surgery, Medicine and Gynaecology. At the end of the course work, the students undergo a compulsory rotational internship programme of one year in Diagnostic Laboratories, Clinical Practice and Animal Production Technologies. Successful completion of B.V.Sc. & A.H. programme entitles the graduates to seek mandatory registration with the Punjab State Veterinary Council/ Veterinary Council of India as a Registered Veterinary Practitioner. The college is recognized by the Veterinary Council of India (VCI) and all the ongoing programmes in the college have been accredited by the Indian Council of Agricultural Research (ICAR) with A grade.

1.2 College of Veterinary Science, Rampura Phul

The College of Veterinary Science, Rampura Phul has been established as a constituent college of Guru Angad Dev Veterinary and Animal Sciences University, Ludhiana. The foundation stone of the college was laid on 30th October, 2014 by the then Chief Minister of Punjab. It's functioning started on October 1, 2019 by admitting 80 students to the B.V.Sc and A.H. programme. The mandate of the college is to produce veterinary graduates to overcome the deficiency of veterinary professionals in the state as they are the custodians of animal health care. In addition, its endeavor will be to implement the research outputs and extension education programmes for better livestock health and production, especially in the south-western zone of Punjab. The college campus is spread over an area of 61 acres, which comprises of college buildings, hospital, farms, play grounds and fodder production area. An additional 5 acres of land has been utilized for residential complex comprising of hostels, guest house and staff quarters. At present, five departments *viz.* Veterinary Anatomy, Veterinary Physiology and Biochemistry, Livestock

Production and Management, Veterinary Clinical Complex and Livestock Farm Complex have been fully established and are functional. The creation of other departments with excellent laboratory and infrastructure facilities is in progress. The college offers following programmes of veterinary education:

Programme	Minimum Residential Requirements
B.V.Sc. & A.H.	5½ years

1.3 College of Fisheries

Since its establishment in 2008, the College of Fisheries has registered a commendable academic growth and has made significant contributions in the development of the fisheries sector in the State. The college has four departments *viz.*, Aquaculture, Fisheries Resource Management, Aquatic Environment Management and Harvest & Post-Harvest Technology. The college keeps excellent laboratories equipped with modern instruments and facilities. The college owns an Instructional cum Experimental Farm spread over 3 hectares for UG and PG teaching, demonstrations and research. This includes nursery ponds, rearing ponds, stocking/production ponds, demonstration ponds, integrated models, modern indoor as well as outdoor hatcheries for carps, catfishes and ornamental fishes, poly houses for overwintering of cold sensitive species, aquarium house, aquatic plant rearing unit, feed mill, raceway etc.

The college is following curriculum of the UG and PG degree programmes as per ICAR recommendations, and all its programmes have been accredited with the ICAR with "A" grade. The college has produced quality skilled graduates and postgraduates in Fishery Sciences. The Fisheries professionals have substantial scope of employment in public sector [Fish Farmer's Development Agencies (FFDA), State Agricultural/ Veterinary Universities, Agricultural Technology Management Agency (ATMA), Krishi Vigyan Kendras (KVKs), Research Institutes etc.] and private sector (Hatcheries, Feed industry, Processing industry, Pharmaceuticals industry etc.) across the country, besides substantial scope of self-employment and higher studies abroad. The college offers the following programmes of study in fishery sciences:

Programme	Minimum Residential Requirements
B.F.Sc.	4 years
M.F.Sc.	2 years
Ph.D.	3 years

1.4 College of Dairy Science and Technology

College of Dairy Science and Technology was established in the year 2008 with offering of undergraduate programme of four years duration. The college is following the guidelines and course curriculum recommended by the ICAR Deans Committee. There are five departments in the college i.e. Department of Dairy Technology, Department of Dairy Engineering, Department of Dairy Chemistry, Department of Dairy Microbiology and Department of Dairy Economics and Business Management. The college is having excellent laboratory facilities for teaching and practical training of undergraduate and postgraduate students. The college also has an Experimental Dairy Plant of 5,000 litres milk handling capacity for training of the students. The students are also exposed to hands on training in milk plants in public and private sector. The college and all its ongoing programmes have been accredited by the ICAR with "A" grade. The college has developed several Ready to Adopt technologies that have been widely adopted by the industry as well as by self entrepreneurs. The passed out students of the college are well placed in the dairy industry and Government departments or pursuing higher studies in India or abroad. The college offers following programmes in Dairy Science and Technology:

Programme	Minimum Residential Requirements
B.Tech. (Dairy Technology)	4 years
M.Tech. /M.Sc.	2 years
Ph.D.	3 years

1.5 College of Animal Biotechnology

During the last three decades, molecular biology and biotechnology have emerged with extensive applications in animal husbandry, medicine, industry and environmental sciences. Recognizing the immense potential of biotechnology in animal sector, Guru Angad Dev Veterinary and Animal Sciences University established

the Department of Animal Biotechnology in 2008. It was designated as School of Animal Biotechnology in 2010 and upgraded to College of Animal Biotechnology in 2019. The mandate of the college is to generate scientific expertise, human resource in various facets of animal biotechnology and to develop specialized and state of art facilities for research in cutting edge fields of biotechnology. The college is involved in basic and applied research spanning wide-spectrum of areas like genomics, molecular diagnostics, vaccinology, stem cell biology, cancer biology, proteomics and bioinformatics.

To cater to the needs of undergraduate and postgraduate teaching and research, three departments viz., Animal Biotechnology, Microbial and Environmental Biotechnology and Bioinformatics have been created with excellent infrastructure and laboratory facilities. For the UG and PG teaching, the college is following the course curriculum as recommended by the ICAR, and the college and all its ongoing programmes have been accredited with the ICAR with "A" grade. The College offers the following programmes of study in biotechnology:

Programme	Minimum Residential Requirements
B.Tech. (Biotechnology)	4 years
M.V.Sc. (Animal Biotechnology) / M.Sc. (Biotechnology)	2 years
M.Sc. Biotechnology with specialization in Animal Biotechnology	2 years
Ph.D. (Animal Biotechnology) / Ph.D. (Biotechnology)	3 years

1.6 Veterinary Polytechnic

The University also runs a two-year programme leading to award of Diploma in Veterinary Science and Animal Health Technology at Veterinary Polytechnic, Kaljharani, Bathinda for which there is a separate Prospectus and academic schedule.

1.7 Private College affiliated with the University

Khalsa College of Veterinary and Animal Sciences, Amritsar (B.V.Sc & A.H. degree programme)

Failure to do so shall earn the student 'US' grade followed by a warning to make-up the deficiency in the following semester. If a student fails to complete the deficiency and is awarded 'US' grade in second/ fourth semester, he/she shall register for the third/fifth semester for making up NSS deficiency, in addition to regular courses.
3. The Vice-Chancellor may exempt any student from NSS, on medical grounds on the production of a medical certificate from the University Medical Officer and recommendation of the Director Students' Welfare-cum-Estate Officer.
4. Aside from putting regular 120 hours in NSS, each student is required to attend a 10 day-camp every year. A day at camp is calculated at 7 hours of service. In case of failure to attend the camp, the student has to register for NSS in the next semester to make-up the deficiency of NSS camp, in addition to regular courses.
5. A student undergone NSS training in some other College/Institute for a complete academic year may be exempted from NSS training for the period already completed by him/her, by the Director Student's Welfare-cum-Estate Officer.

7.2.4 CCA

1. NRIs and foreign students have to enroll for a course of Co-Curricular activities of 0+1 credit, and every student enrolled under CCA programme has to attend a minimum of 75% classes held in a year.
2. In CAA programme, the classes will be held for forty hours a semester or eighty hours a year for the two/ three years.
3. A student may be exempted from CAA on medical grounds by the Vice-Chancellor, on the production

of a medical certificate from the University Medical Officer and recommendation by the Director Students' Welfare-cum-Estate Officer.

4. The students undergoing CCA training are required to attend one annual training camp during the first two years of training.
5. A student enrolled under CCA programme must attend a minimum of 75% classes in a year. On failure to do

so, the student will be awarded US grade and given a warning to make up the deficiency in the following year. If he/she fails to complete the deficiency and is awarded US grade in the third year, he/she shall register for the same group for the purpose of making up CCA deficiency in the next semester/ year, in addition to regular courses.

CHAPTER VIII

SCHOLARSHIPS, STIPENDS, FELLOWSHIPS, AWARDS, MERIT CERTIFICATES AND MEDALS

8.1 Scholarships

(a) University Scholarship

This scholarship, valued at Rs. 500/- per month, is awarded to the meritorious students of undergraduate programmes on the basis of score/ rank/ marks obtained in the qualifying test/ examination merit list for admission. The number of scholarships is determined by the academic council from time to time.

(b) National Talent Scholarships

The ICAR/VCI awards merit scholarships in undergraduate and postgraduate programmes for the full duration of the degree programme subject to fulfillment of prescribed conditions. The value of scholarship is Rs. 3000/- per month for UG student and Rs. 5000/- per month for PG student.

(c) Dr. G. S. Khush Scholarships

Two scholarships each for the students of B.V.Sc. & A.H. and B.Tech. (Dairy Tech.); and one scholarship for students of B.F.Sc. will be awarded by Dr. G. S. Khush Foundation for Agriculture Sciences @ Rs.1200/- per month. The scholarship will be awarded to the students from rural background only, on the basis of merit of NEET (UG) - 2020/ 10+2 examination as applicable in first professional year and on the basis of OGPA/ OCPA of the previous year for subsequent years.

(d) Sports Scholarships

The university awards the sports scholarship @ Rs. 350/- per month on fulfillment of prescribed conditions. The number of scholarships are four for major games (viz., Hockey, Football, Athletics and Cricket) and four for the minor games.

(e) DBT- Postgraduate Teaching Programme Scholarship

Each student admitted under this programme will be awarded Rs 5000/- per month to as per the terms and conditions of DBT

8.2 Stipends

The students enrolled for Ph.D. programme and not in receipt of any fellowship etc. shall be awarded a stipend of Rs. 750/- per month on fulfillment of the prescribed conditions.

8.3 Fellowships

(a) University Merit Fellowship:

The University offers fellowships to postgraduate students. The value and number of fellowships for each department is determined by the Academic Council/ Board of Management. Currently, the value of each fellowship is Rs. 3000/- per month in Master's programmes and Rs. 5000/- per month in Ph.D. programmes of the university. The one fellowship is awarded for every 7 students or a part thereof in each department in Master's programmes, and one fellowship in each class/ discipline in Ph.D. programmes.

(b) Sri Guru Amar Das Ji Fellowship

This fellowship will be awarded at Rs. 1000/- p.m. to one M.V.Sc. student on merit from any discipline of Veterinary College, who has obtained higher OCPA in B.V.Sc. & A.H. amongst the eligible applicants for this fellowship and whose family income does not exceed Rs. 6.0 lakhs per annum. The fellowship will start from the commencement of M.V.Sc. degree and awarded till two academic years in which student has enrolled.

(c) Dr. Jugraj Singh Dhillon Fellowship

One fellowship at Rs. 3000/- p.m. will be awarded on merit to a M.V.Sc. student majoring in the discipline of Animal Genetics and Breeding.

8.4 Awards

(a) Mata Ind Kaur Award

A cash award up to a maximum of Rs. 10,000/- per annum will be awarded to three meritorious students of

B.F.Sc., who have achieved maximum OCPA but not less than 7.00 out of 10.00 at the end of 1st, 2nd and 3rd year of the degree programme and who are not in receipt of any other fellowship.

Note: Each student can avail only one fellowship/ scholarship irrespective of his/her eligibility. The eligibility for the fellowship/ scholarship will be determined considering the detailed guidelines for institution of the specific fellowship/ scholarship.

8.5 Merit Certificates

Merit Certificates are awarded to the students who achieve an OCPA/OGPA of 8.00 or more (out of 10.00) at the end of their Bachelor's or Master's Degree Programme.

8.6 Gold Medals

The Gold Medals/Medals are conferred at the time of Convocation/Annual Function as under:

A. Undergraduate Programmes

1. College Gold Medals

The college level Gold Medal is awarded to a student securing highest OCPA/OGPA (but not less than 8.00 out of 10.00) in the class in the programmes of constituent colleges.

- (i) B.V.Sc. & A.H.
- (ii) B.F.Sc.
- (iii) B.Tech. (Dairy Technology)
- (iv) B.Tech. (Biotechnology)

2. Dr. Balwant Singh Gold Medal

The Medal is awarded to an all-round best graduate student from all the constituent and affiliated colleges of the university.

B. Postgraduate Programmes

1. Dr. S. C. Dutt Gold Medal

The Medal is awarded to a student who secure the highest OGPA (but not less than 8.00 out of 10) in the class in M.V.Sc. programme.

2. Dr. G.S. Sidhu Medal

The Medal is awarded to the student for excellence in Master's programme in the discipline of Animal Nutrition.

3. Dr. S.S. Dhillon Gold Medal

The Medal is awarded to a student for excellence in M.V.Sc. programme in the discipline of Veterinary Microbiology.

4. Dr. R.D. Sharma Gold Medal

The Medal is awarded to a student for overall best work in M.V.Sc. programme in the clinical disciplines of Veterinary Gynaecology & Obstetrics, Veterinary Surgery & Radiology and Veterinary Medicine.

5. Bibi Amar Kaur Kang Gold Medal

The Medal is awarded to a student for excellence in Master's Programme in the College of Dairy Science and Technology.

6. Simrat Sagar Singh Gold Medal

The Medal is awarded to a student for excellence in M.V.Sc. programme in the discipline of Veterinary Surgery & Radiology.

CHAPTER IX

FORMULA FOR INTERCONVERSION OF OGPA/OCPA AND AGGREGATE PERCENTAGE OF MARKS

The following conversion formulae have been adopted by the university to determine the equivalence of Overall Credit Point Average (OCPA), Overall Grade Point Average (OGPA) and Percentage of marks

9.1 Formula for conversion OCPA into percentage

$$Y = 10Z$$

Where Y = Percent Marks

Z = Overall Credit Point Average (OCPA) in 10.00 point system of evaluation.

9.2 Formula for conversion of OGPA into OCPA

Undergraduate programme: $Z = (50 - 10X + 5X^2)/10$

Postgraduate Programmes: $Z = (25X - 15)/10$

Where Z = OCPA in 10.00 point system of evaluation

X = OGPA in 4 point scale (maximum=4.00) in the letter grade system of evaluation

9.3 Formula for conversion of OGPA into Percent marks for B.V.Sc. & A.H. as per VCI guidelines

Percentage of Marks = OGPA x 100, divided by 10

9.4 Formula for conversion of OGPA into Percent marks

$$Y = 50 - 10X + 5X^2$$

Where Y = Percent marks

X = OGPA in 4 point scale (maximum 4.00) in the letter grade system of evaluation

ACADEMIC CALENDAR 2020-21

The academic calendar for various under-graduate as well as post-graduate programmes of the university will be developed and intimated by the respective Deans at the start of session.

CC in Aqua-Clinics	05	Graduate in any Science Discipline	6 Months	February to July	25,000	Aquatic Environment	01.01.2021 to 18.01.2021 (28.01.2021 with late fee of Rs. 1000)

General Notes to diploma/ short/ certificate courses

- *For admission, candidates will be considered strictly based on merit/ marks of qualifying degree. However, preference will be given to B.V.Sc. & A. H. graduates for diploma/ certificate courses in College of Veterinary Sciences, and to fisheries graduates in College of Fisheries. In case of two or more candidates are obtaining equal marks in qualifying degree, the preference will be given to the candidate older in age.
- Change if any in application submission dates, and the counselling dates will be posted on the university website. The aspirants are advised to frequently visit the university website for updates.
- The diploma/ certificate courses are open to residents of all states and union territories of India, and to the NRI/ foreign nationals wherever specified.
- The admission form is available on the University website “www.gadvasu.in”. The candidates seeking admission have to download the application form, fill offline and submit along with all required documents and proof of payment of application fee as scanned single pdf file attachment through email at gadvasuadmission2020@gmail.com and admissiongadvasu@gmail.com to reach the Registrar, GADVASU on or before the last date fixed for receipt of the application form.
- The applicants will be informed about receipt of application through return email within 03 working days. In case, the confirmation of application receipt is not received, the candidate must contact the registrar office.
- The candidates seeking admission must attend the counselling as per the scheduled date, time, and venue posted on the university website. No separate call/ invitation will be made to the candidate for counselling.
- At the time of counselling, the candidate is required to present a hard copy of the submitted application form and original certificates.
- The application fee will be Rs. 1000/- for short/certificate course and Rs. 2000/- for the postgraduate diploma course. The fees can be net transferred online as per account details as under:

Beneficiary Name: COMPTROLLER, GADVASU
 Account No: 50100094320540
 Bank: HDFC Bank Ltd, Feroze Gandhi Market, Ludhiana
 Bank IFSC Code: HDFC0000634

- ix. The candidates selected for admission will have to pay the entire fee immediately after counselling either in cash or by a Banker's cheque/ Bank draft in favor of Comptroller, GADVASU payable at any scheduled bank in Ludhiana or by credit/debit card.
- x. Only one application is to be submitted for consideration of admission to a particular course. If a candidate wishes to consider for more than one course, he or she has to submit the separate applications for each course/ diploma and pay application fees accordingly. It is to note that, at a time, the candidate will be admitted to one course only.
- xi. The university possesses no boarding facilities for the candidates taking admission in short/certificate/ diploma courses. So, they have to arrange accommodation on their own.

- xiii. The in-service candidates deputed by the employer will be given first preference in admission.

11.4 Rationale

11.4.1 Diploma/ Certificate Courses, College of Veterinary Science, Ludhiana

(i) Postgraduate Diploma/ Certificate courses in Animal Reproductive Biotechnology (Semen & ETT)

Semen handling will impart the basics of storage of semen, semen tank management, handling semen within the tank, thawing semen and inseminating synchronized cows, besides some pointers to eliminate the cold shock to sperm. An AI Management Manual will be given to the PG diploma holders for a source of support in AI practice. The course will consist of theory and practical work with young cows. Further, the diploma will teach the most economical methods to perform embryo transfer in cattle, thereby maximizing profitability. The training will enhance the professional competence of veterinary graduates, and produce a skilled human resource for self-employment and placement in the public and private sector.

(ii) Postgraduate Diploma in Small Animal Clinical Practice

The Interest of the public in keeping companion animals is increasing day by day, especially in cities. Accordingly, Young veterinarians are adopting the small animal practice as their profession. Pet owners are also seeking advanced health care for their pets. The diagnosis of skin, cardiac, respiratory, and endocrine disorders require specialized training for precise diagnosis and rational treatment. So there is a need to develop diagnostic competence of the Small animal veterinary practitioners and fresh graduates. The best way is to train veterinarians as the species specialists. This course will develop proficiency

among veterinarians in diagnosis and management of various medical, surgical, gynecological disorders in dogs and cats

(iii) Postgraduate Diploma in Extension and Entrepreneurship Management

The Extension Education plays a vital role in transferring knowledge and technologies to the farmers. Hence field functionaries/budding youths engaged in agricultural, livestock, and allied activities need to be refreshed in knowledge and skills of technology transfer as well as its adoption and impact. The livestock sector is an important component of the Indian economy in terms of income, employment, and equity. Livestock-based enterprises are of high importance in the rural economy that provides food, employment, and income-generating opportunities. The proposed diploma will enhance the communicational and entrepreneurial skills amongst the field functionaries so that they can better perform the extension services at the field level more efficiently and effectively to serve the farming community. This course could be useful to both the farming community to adopt the latest farming practices and to the field functionaries to formulate effective strategies and policies to serve the farming community in better ways.

(iv) Postgraduate Diploma in Feed and Fodder Technology

The major quantum of livestock products in the coming years would be coming from the organized livestock industry and the smallholder systems would be part of the contract farming system. The markets would be highly competitive in terms of the cost and product specifications and this will necessitate professional management of the

livestock industry. Feeds would continue to be a major input and feed markets and safety issues would be a significant component of the livestock sector influencing the sustainability of the livestock sector. In Punjab, most of the population is depending on agriculture and animal husbandry and contributes around 13% alone in the total GDP of the state. Punjab state has more than 1000 feed manufacturers but their knowledge about feeding strategies is poor and is surviving on small and medium scale livestock farmers. With changing scenarios in the coming years it will be difficult for them to survive until and unless they either themselves get scientific knowledge or employ some technical professionals for feed mill operations. This PG diploma course will provide them knowledge banks in terms of qualified professionals to compete in the market. This diploma will prepare young skilled professionals for self-employment and placement in public and private sectors as subject matter specialists.

(v) Postgraduate Diploma in Laboratory Diagnostics

The objective of this course is the skill development of the life sciences graduates in various laboratory diagnostic techniques. Achieving this diploma will provide professional competency to candidates for placement as Laboratory technicians in government and private laboratories or can also be entrepreneurs and provide employment to other citizens.

(vi) Postgraduate Diploma in Poultry Science

The programme is intended to provide technical knowledge and skill development in the areas of poultry production, health management, and processing. The programme also aims to develop human resource and entrepreneurial opportunities in the area of Poultry.

(vii) Postgraduate Diploma in One Health (Distance Learning Programme)

One Health is the collaborative effort of multiple health science professions, together with their related disciplines and institutions – working locally, nationally, and globally to attain optimal health for people, domestic animals, wildlife, plants, and our environment. The emerging health problems including, emerging and re-emerging zoonoses, antimicrobial resistance, food safety-related problems, and environmental pollutants pose a great risk to public health. The crucial role of One Health concept in rapid

disease detection and thereby, effective management is the need of the hour. The One Health course will act as a bridge between the professionals of various health science disciplines which in turn will support transdisciplinary information sharing and future collaborative endeavors. The present course will enhance the skills of the participants to think critically and work collaboratively across sectors. The course will help in capacity building and human resource development to counter emerging health threats effectively.

The multidisciplinary study will open an array of opportunities for the participants. Moreover, the concept of One Health is gaining momentum and largely advocated by global health agencies including World Health Organization (WHO), Food and Agriculture Organization (FAO) and World Organisation for Animal Health (OIE).

(viii) Postgraduate Diploma in Bovine Clinical Practice

The number of commercial dairy farms and high producing dairy animals is increasing in the state. Moreover, there is a growing awareness among the farmers regarding prophylaxis and the treatment of their valuable animals. Dairy farmers are seeking precise diagnosis and rational treatment of their animals. So the need of the hour is to improve the diagnostic competence of the field veterinary practitioners and fresh graduates. The best way is to train veterinarians as the species specialists. This course will develop proficiency among veterinarians in diagnosis and management of various medical, surgical, gynecological disorders in cattle and buffaloes

(ix) Postgraduate Diploma in Equine Clinical Practice

Equines serve an important role in the army, police, racing, sports, and draft. As a result, equine breeding has gained momentum and has become a highly lucrative business in recent years. Equine disease diagnosis and management is a specialized field and most clinicians lack skills in the physical examination and diagnostic procedures. So there is a need to develop the diagnostic competence of the Equine practitioners and fresh graduates in this field. The best way is to train veterinarians as the equine species specialists. This course will develop proficiency among veterinarians in the diagnosis and management of various medical, surgical, gynaecological disorders in equines.

(x) Certificate/ short course in Veterinary Diagnostic Imaging

The course is designed to impart practical/hands-on training in the field of diagnostic Imaging in farm and companion animals to the field veterinarians and private practitioners.

(xi) Certificate/ short course in Small Animal Anaesthesia

The course is designed to impart practical/hands-on training in the field of small animal anesthesia to the field veterinarians and private practitioners.

11.4.2 Certificate Courses, College of Fisheries, Ludhiana

(i) Certificate Course in Fish Hatchery Management

Skilled human resource is required for achieving optimized seed production targets in fish and shrimp hatcheries across the country. Against the national demand of 60000 million fry (seed), 39,261 million fish fry was produced by over 1700 hatcheries during 2017-18, leaving a gap of 20,739 million. Pradhan Mantri Matsya Sampada Yojna (PMMSY) launched in 2020 by Department of Fisheries (DOF), Ministry of Fisheries, Animal Husbandry and Dairying (MFAHD), Government of India (GOI), is also supporting this activity to promote self-employment among skilled aspiring candidates.

The course will provide professional competency to candidates for placement as hatchery managers or supervisors in government and private hatcheries, besides boosting entrepreneurial confidence for self-employment in fish seed production.

(ii) Certificate Course in Aquarium Sciences

The ornamental fisheries sector is a fast-growing sector with ample scope of entrepreneurship development in Punjab and other north Indian states of the Country. Presently, the sector in the region is largely dependent on supplies from coastal states like West Bengal, Maharashtra, Andhra Pradesh, Kerala, Odisha, etc. Hence, local production of potential species can serve as a much-needed filler to meet the regional demand, without long-distance transport hassles leading to stock /economic losses due to mortality.

The course will provide professional competency to candidates for placement as aquarium managers/ supervisors in government and private sector aqua-houses,

aquariums or hatcheries, besides offering skills to take up entrepreneurship as an ornamental fish breeder, ornamental fish trader, aquarium fabricator cum maintenance service provider and aquarium (fish and accessories) wholesaler/ retailer.

(iii) Certificate Course in Fish Processing Technology

Given the development of shrimp farming in inland saline areas of Punjab and adjoining inland states like Haryana and Rajasthan, the demand of skilled workers in the processing industry is going to increase not only in coastal states but also in Northwestern region of the country. With every 1 ha of shrimp farming development, about 30 livelihood opportunities are generated in backward (seed, feed, medicines, etc.) and forward (harvesting, marketing, trading, processing, etc.) linkages, where processing holds a major share. As per the latest estimates, India's total fisheries production increased to 13.75 MMT during 2018-19, with an inland sector share of 9.58 MMT (69.67%) and export earnings of about Rs. 46,589 Cr. (shrimp share – over 65%)

The course will provide professional competency to candidates for placement as processors, processing managers/supervisors in the processing industry, besides inculcating entrepreneurial skills for self-employment in processing.

(iv) Certificate Course in Aqua-Clinics

With enhanced awareness about biosecurity, sustainability, and food safety concerns, more emphasis is being given to the concept of "Aqua-Clinics" to provide continuous utility service in health management, especially to shrimp farmers, to prevent stock loss due to disease outbreak and produce an export quality product for higher economic gains.

The course will provide professional competency to candidates for placement as a lab technician, Lab Assistant or Lab Supervisor in public or private aqua-clinics, besides offering skills to take up aqua-clinics for self-employment

ANNEXURE – A

CRITERIA FOR ADMISSION OF OUTSTANDING SPORTS PERSONS

A. Undergraduate Programmes

1. The candidates applying for admission to undergraduate programmes under sports quota shall have to obtain a gradation certificate from the Sports Department, Government of Punjab for their performance at 10+1 and 10+2 level in sports as specified in Annexure D. No weightage for sports will be given to the candidates who have participated after 10+2 level.
2. The candidates admitted to B.V.Sc. & A.H. programme under the sports quota shall attend the play-field during hours other than those scheduled for compulsory R & V Sqn. N.C.C. However, participation in inter-class, inter-college, inter-varsity, State and National tournaments shall be governed by rules as applicable to other academic and co-curricular activities.

B. Postgraduate Programmes

1. The order of preference in the selection of outstanding sports persons for admission to the postgraduate programmes shall be made as per Annexure- B. For example, the candidate qualifying for grade 'O' shall be placed at higher merit than the candidate qualifying for grade 'A' followed by grade B and so on.
2. In case of individual sports discipline, position of the candidate in an individual event shall be considered and not the position of the team as a whole.
3. The candidate should have participated at least twice in the University Inter College Tournament and once in the All India Inter Varsity/ North Zone Inter Varsity tournament/ All India Inter Agricultural University sports and games meet to be eligible for admission under sports category.

Note (UG and PG programmes):

- (i) For admission under the sports quota, a provisional merit list of eligible candidates will be prepared by

the Sports Committee constituted by the DSW-cum-Estate Officer. The shortlisted candidates in order of merit, three times the number of available seats, will undergo tracks for satisfactory performance. The tracks will be video-graphed, and obtaining a satisfactory grading will be mandatory for admission under sports quota.
