MANAGE

The National Institute of Agricultural Extension Management (MANAGE), an autonomous organisation under the Ministry of Agriculture and Farmers Welfare, Government of India is an apex body for Agricultural Extension Management in India. MANAGE offers services like Capacity building, Management Education, Piloting and Implementing Flagship National Schemes, Consultancy, Research, Knowledge Management, Mentoring Agri-Startup and Policy Advocacy in Agricultural Extension Management (<https://www.manage.gov.in>).

MANAGE-FISHub

MANAGE-Fisheries Innovation and Startup Hub (MANAGE-FISHub) is a national-level incubation and innovation platform established at the National Institute of Agricultural Extension Management (MANAGE), Hyderabad, in 2025 with the support of the Department of Fisheries (DoF), Ministry of Fisheries, Animal Husbandry and Dairying (MoFAHD), Government of India. MANAGE-FISHub aims to transform India's fisheries and aquaculture sector through innovation, entrepreneurship, and ecosystem development by mentoring and promoting fisheries startups, creating employment and entrepreneurial opportunities aligned with national priorities, and enabling the rapid commercialization of technologies emerging from research, academia, and individual innovators. GADVASU

Guru Angad Dev Veterinary and Animal Sciences University (GADVASU), Ludhiana, is a State University established by the Government of Punjab in 2005 and became functional on 21 April 2006. Headquartered in Ludhiana, Punjab, the University is dedicated to education, research, extension, and technology transfer in veterinary, animal, dairy, fisheries, and allied sciences. Accredited by the Indian Council of Agricultural Research (ICAR) with an 'A' grade, GADVASU promotes sustainable livestock and fisheries development, food security, and rural livelihoods through innovation and need-based technologies.

The College of Fisheries (COF), Ludhiana, a constituent college of GADVASU, was established in 2008 to develop skilled human resources for the fisheries sector. The ICAR-accredited College is committed to excellence in fisheries education, research, and extension, with a special focus on inland aquaculture, aquatic resource management, fish processing, and entrepreneurship development. Through modern infrastructure, research, and technology dissemination, the College contributes significantly to sustainable fisheries development and India's Blue Economy. (<https://www.gadvasu.in/>)

Objectives

01.

To impart quality education for developing professionally qualified and technically skilled human resources for the fisheries sector.

02.

To undertake basic, applied, and adaptive research for developing advanced technologies that enhance fish production and productivity from both culture and capture fisheries.

03.

To transfer fisheries technologies to stakeholders through awareness programmes, demonstrations, training, capacity building, skill development, and technical consultancy.

04.

To provide technical support and outreach services for the sustainable development of the fisheries sector by promoting scientific aquaculture practices and entrepreneurship.

About the Program

The Fisheries-StartUp and Aquapreneurship Stakeholders Meet aims to bring together all key stakeholders of India's fisheries and aquaculture ecosystem on a single collaborative platform and bridge the information gap, by facilitating a seamless exchange of knowledge, resources, and partnership opportunities among them.

The program aims to strengthen the fisheries entrepreneurship landscape by fostering innovation, collaboration, and value-chain integration. It provides startups with opportunities to showcase innovations, connect with partners and learn from successful ventures. By facilitating dialogue and partnerships, the program seeks to build an inclusive ecosystem that accelerates sustainable growth, technological adoption, and blue economy development.

Who Can Attend?

Fisheries Startups &
Aquapreneurs

Aspiring
Aquapreneurs

Fisheries Incubators,
Accelerators &
Innovation Hubs

Fishers &
Fish Farmers

Fisheries Students
& Researchers

Financial & Funding
Organisations

Academic &
Research
Institutes

Fisheries & Allied
Industries

FFPOs,
Cooperatives
& SHG's

Policy Makers

NGO's & Extension
Functionaries

Other Stakeholders
in the Fisheries
Startup Ecosystem

Focus Areas

**Aquaculture
Mechanisation
& Innovation**

**AI & IOT in
Fisheries**

**Waste to
Wealth**

**Biotechnology
& Genetics**

**Integrated &
Secondary
Aquaculture**

**Blockchain
Technology**

**Fisheries Extension
&
Advisory**

**Post-Harvest
& Cold chain
innovations**

**Fisheries Inputs
& Feed Technology**

**Other Innovations
in Fisheries &
Aquaculture**

Key Takeaways

Build Networks
Meet individuals who can potentially become business partners, clients, mentors, or collaborators.

Gain Visibility
Showcase your products and technologies to a relevant audience, increasing your visibility within the local business community.

Learning & Exposure
Gain insights from Fisheries-Startup Stakeholders through Networking, Talks and Discussions

Forge New Partnerships
Facilitate collaborations and discover opportunities for joint ventures, partnerships, or projects that align with your objectives.

Discover New Opportunities
Engage with innovators, experts, and institutions to explore emerging trends and startup opportunities in the fisheries sector.
